Pragmatic developer with 3 years of experience, I am currently pursuing a second master's degree in cybersecurity at 2600 School. As a Next.js expert, I incorporate DevSecOps practices to build secure and high-performance solutions. Curious and detail oriented, I ensure application resilience. Schedule: 2 weeks school – 4 weeks company.

Work Experience

Software Engineer/[Horiba France](#)

Nov. 2021 - Sept. 2024

A company with 250 employees in the field of scientific and technical instrumentation
